JFR89 - CADILLAC[®] PROJECT GTP HYPERCAR

CADILLAC® PROJECT GTP HYPERCAR

The GTP Hypercar is the Cadillac® race car of the future. Unveiled as a concept car, the Project GTP Hypercar previewed their third-generation prototype racecar to compete primed to race in the 2023 24-hour endurance races at Daytona and Le Mans; this beast is a sleek fusion of space age aesthetics and aerodynamics.

The Cadillac® Project GTP Hypercar dares us to imagine the racing of tomorrow, where race cars are built to perform both on the track and in the showroom.

La GTP Hypercar Cadillac® est la voiture de course du futur. Présentée comme concept-car pour les 24 Heures du Mans et les 24 Heures de Daytona, cette bête allie une aérodynamique et une élégance tout droit sortie de l'ère spatiale.

Le projet GTP Hypercar de Cadillac® nous pousse à imaginer la course de demain, où les véhicules sont à la fois bolides et objets à exposer.

Das Cadillac® Project GTP Hypercar inspiriert Visionen einer Zukunft, in der Rennwagen nicht nur auf der Strecke, sondern auch im Showroom in höchster Form glänzen müssen.

2025

Built for your showroom, the brickified GTP Hypercar features bold blues and reds – a nod to Cadillac® Racing's bold liveries featuring colors from the V-Series emblem.

Conçue pour que vous ayez le plaisir de l'exposer, la version briquifiée de la GTP Hypercar se pare de bleus et de rouges audacieux, clin d'œil aux couleurs emblématiques de Cadillac® Racing, sans oublier l'emblème de la série V.

Diseñado para ser parte de tu colección, el GTP Hypercar, ahora en bloques de construcción, luce vibrantes tonos azules y rojos, un guiño a los llamativos diseños de Cadillac® Racing y a los colores emblemáticos de la línea V-Series.

Die für den Showroom konzipierte Baustein-Version des Hypercars wird in kräftigem rot und blau präsentiert, inspiriert von der Lackierung von Cadillac® Racing, die die Farben des V-Serie-Logos widerspiegelt.

TRISTAN BRUNEAU

One of the most unique aspects of the Project GTP Hypercar is its fender vents, which are essential to the car's performance. Bringing them to scale was a challenge -- nothing like this has ever been done in the construction category. We're extremely proud of the result.

Les prises d'air au niveau des ailes de la GTP Hypercar, en plus d'être essentielles à ses performances, constituent l'un des aspects les plus uniques de ce bolide. Leur mise à l'échelle s'est révélée un

véritable défi, car rien de tel n'a jamais été fait pour un modèle à construire. Nous sommes extrêmement fiers du résultat.

Uno de los aspectos más exclusivos del Project GTP Hypercar son las rejillas de ventilación de los guardabarros, esenciales para el buen funcionamiento del coche. Fabricarlas a escala fue todo un reto: nunca se había hecho nada igual en un conjunto de construcción. El resultado nos nos llena de gran orgullo.

Einer der besonderen Aspekte des Project GTP Hypercar sind seine Lüftungsschlitze am Kotflügel, die für die Leistung des Rennwagens unverzichtbar sind. Sie im richtigen Maßstab einzubeziehen, war nicht einfach, und ist in der Bauset-Kategorie bisher noch nie erreicht worden. Auf das Ergebnis sind wir sehr stolz.

CRAIG CALLUM

The Cadillac® GTP Hypercar is designed as a race car, while retaining that quintessential Cadillac® look. Like with all Hot Wheels die-cast cars, we adjusted the proportions and wheel sizes to remix the original design, while still faithfully representing the original. The sharp, angular styling, and aerodynamic functional surfaces are some of my favorite elements of the Hypercar.

La Cadillac® GTP Hypercar est conçue comme une voiture de course, tout en conservant son esthétique Cadillac® caractéristique. Comme pour toutes les voitures en métal moulé Hot Wheels, nous avons ajusté les proportions et les dimensions des roues pour revisiter le modèle original, tout en lui restant fidèle.

Les lignes nettes et anguleuses, ainsi que les surfaces fonctionnelles aérodynamiques, font partie des éléments qui me plaisent le plus sur l'Hypercar.

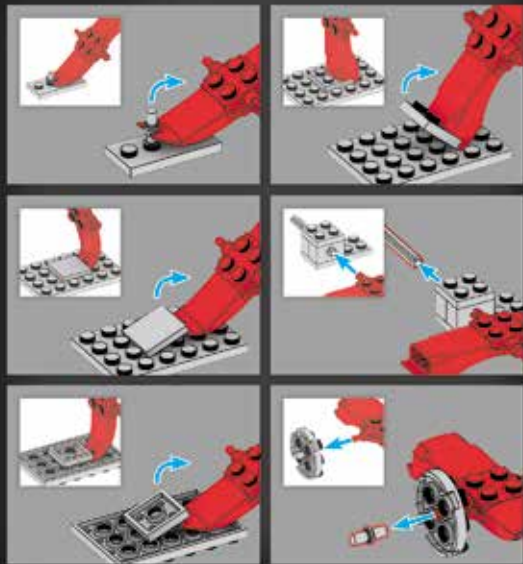

El Cadillac® GTP Hypercar se ha diseñado como un coche de carreras, pero sin perder la esencia de Cadillac®. Al igual que con todos los coches metálicos de Hot Wheels, hemos ajustado las proporciones y el tamaño de las ruedas para adaptar el diseño original sin dejar de representarlo fielmente. El estilo afilado y anguloso, y las superficies funcionales aerodinámicas son algunos de mis elementos favoritos del Hypercar.

Das Cadillac® GTP Hypercar wurde als Rennwagen entworfen, behält aber den unverwechselbaren Cadillac®-Look bei. Wie bei allen Hot Wheels Die-Cast-Modellen haben wir die Proportionen und die Radgrößen angepasst, um das Originaldesign abzuwandeln, bleiben dabei aber dem ursprünglichen Modell treu. Das klare, kantige Styling und die aerodynamischen Oberflächen gehören zu meinen Lieblingselementen am Hypercar.
