HUGO MESSIER

The Huracán Sterrato combines sports car aesthetics with all-terrain capabilities, so it was a unique choice for a building set. I loved recreating the visible motor and C-pillar shape of this car, which involved many custom pieces for authenticity. Personally, I'd love to take this car for a spin in the Quebec wilderness – there's so much nature here, it would fit right in!

La Huracán Sterrato associe l'esthétique des voitures de sport à des capacités tout-terrain, alors c'était un choix d'ensemble de construction sans pareil. J'ai adoré recréer le moteur apparent et la forme du montant arrière de cette voiture, qui

a demandé beaucoup de pièces personnalisées pour l'authenticité. Pour ma part, j'aimerais vraiment faire un tour au volant de cette voiture dans la nature sauvage du Québec, si présente ici qu'elle y trouverait parfaitement sa place!

El Huracán Sterrato combina la estética de un auto deportivo con capacidades todoterreno, por lo que fue una opción única para un set de construcción. Me encantó recrear el motor visible y la forma del pilar C de este auto, lo cual implicó muchas piezas personalizadas para lograr autenticidad. Personalmente, me encantaría conducir este auto por el bosque de Quebec; ¡hay tanta naturaleza aquí que encajaría perfectamente!

Der Huracán Sterrato vereint Sportwagen-Optik mit Geländegängigkeit und war daher die ideale Wahl für ein Bauset. Es hat mir großen Spaß gemacht, den sichtbaren Motor und die C-Säulen-Form dieses Autos nachzubilden. Für das authentische Ergebnis wurden viele Sonderteile gefertigt. Ich würde dieses Auto sehr gerne einmal persönlich in der Wildnis von Quebec ausprobieren – dort gibt es so viel Natur und es würde perfekt dorthin passen!

CRAIG CALLUM

The Huracán Sterrato is so much fun, an almost fantastical idea, to create a high-performance sports car with off-road capabilities. We made sure to capture that super sports car silhouette but combined with safari off-road ride height in both the die-cast and brick-built version.

La Huracán Sterrato est une voiture géniale. Elle est née de l'envie de créer une voiture de sport ultra-performante avec des

capacités tout-terrain. Nous avons veillé à garder cette silhouette de supercar, tout en y intégrant une garde au sol de type safari, aussi bien dans la version miniature que dans celle en briques.

El Huracán Sterrato es pura diversión, casi una idea fantástica: un deportivo de alto rendimiento con auténticas capacidades todoterreno. Nos aseguramos de capturar su inconfundible silueta de superdeportivo, combinada con una altura de conducción estilo safari off-road, tanto en la versión metálica 1:64 como en la versión de bloques de construcción.

Der Huracán Sterrato ist einfach ein super Fahrzeug. Das Ziel war es, einen Hochleistungssportwagen mit Offroad-Eigenschaften zu entwickeln. Wir haben darauf geachtet, die Super-Car-Silhouette einzufangen, und sie mit der Safari-Offroad-Fahrhöhe zu kombinieren, sowohl in der Die-Cast- als auch in der Baustein-Version.
