In honor of Halo's 25th anniversary, we wanted to recreate all the details that make the Warthog so iconic. The element we're most proud of is the independent suspension. We tested many ways to achieve it before deciding on the rubber band mechanism, as we felt it was most authentic to the Warthog. Every piece, down to the treads, was carefully modelled from the game's original files. The result is an homage to a beloved franchise and a technical achievement we're proud to unveil!

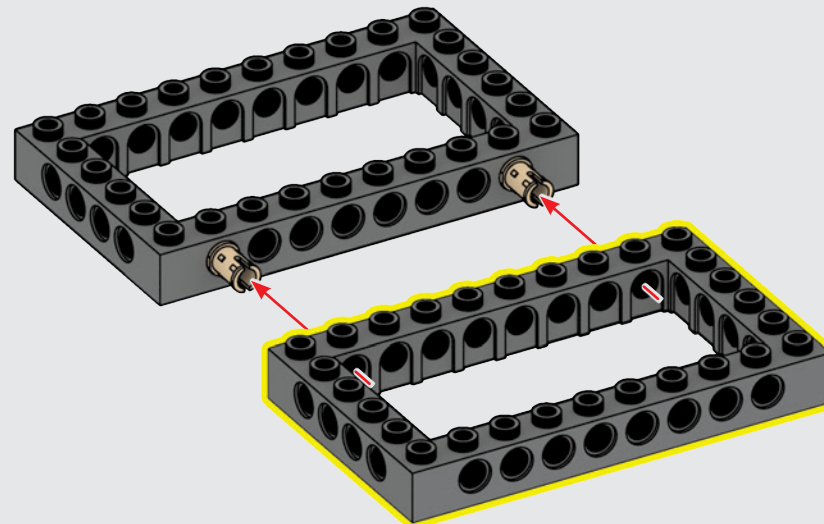

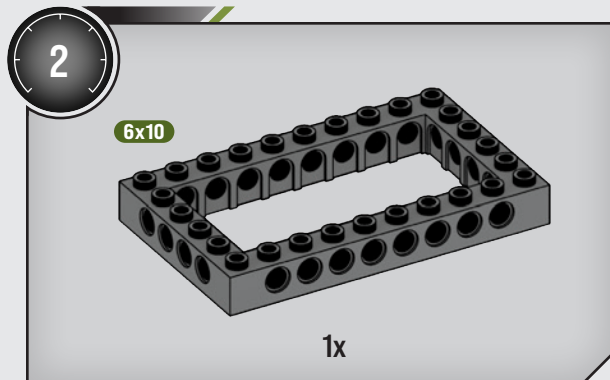

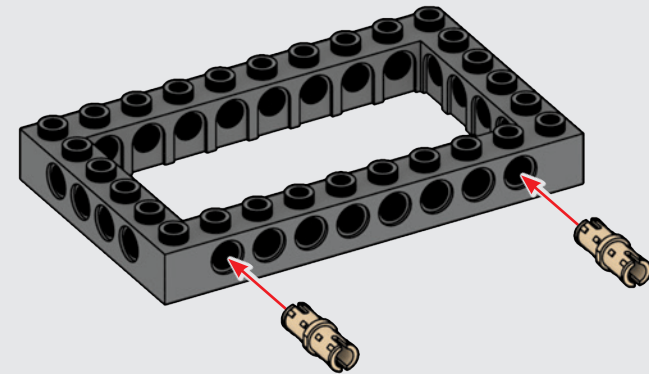

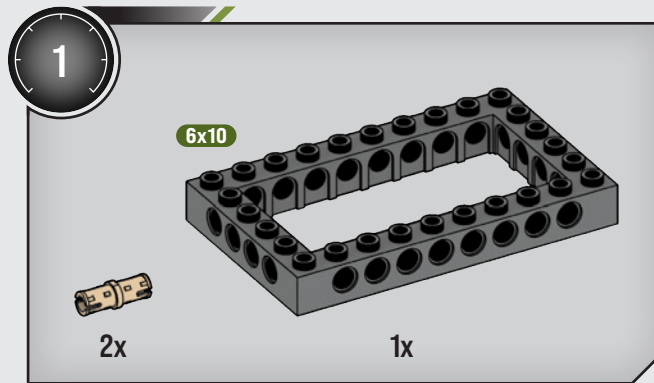

En l'honneur du 25^{ème} anniversaire de Halo, nous voulions recréer tous les détails qui rendent le Warthog si emblématique. L'élément dont nous sommes le plus fiers est la suspension indépendante. Nous avons testé de nombreuses solutions avant d'opter pour un mécanisme à élastique, qui nous a semblé être celui restituant le mieux l'authenticité du Warthog. Chaque pièce, jusqu'aux nervures des pneus, a été minutieusement modélisée à partir des fichiers originaux du jeu. Le résultat rend hommage à une franchise culte et constitue une prouesse technique que nous sommes fiers de dévoiler !

En honor al 25.º aniversario de Halo, queríamos recrear todos los detalles que hacen que el Warthog sea tan icónico. El elemento del que estamos más orgullosos es la suspensión independiente. Probamos muchas formas de lograrlo antes de decidarnos por el mecanismo de goma elástica, que nos pareció que era el más auténtico para el Warthog. Cada pieza, hasta las bandas de rodadura, se han diseñado cuidadosamente a partir de los archivos originales del juego. El resultado es un homenaje a una aclamada franquicia y un logro técnico que estamos orgullosos de presentar.

Anlässlich des 25-jährigen Jubiläums von Halo wollten wir alle Details nachstellen, die den Warthog so legendär machen. Worauf wir besonders stolz sind: die Einzelradaufhängung. Wir haben viele Möglichkeiten getestet, um dies zu erreichen. Schlussendlich entschieden wir uns für den Gummibandmechanismus, da wir das Gefühl hatten, dass er für den Warthog am authentischsten ist. Jedes Detail bis hin zu den Reifenprofilen wurde sorgfältig anhand der Originaldateien des Spiels gestaltet. Das Ergebnis ist eine Hommage an ein beliebtes Franchise und eine technische Leistung, auf die wir stolz sind!
